

## Attack Cobra

Powered by the quick starting .049 engine, this scale model of the Cobra gunship climbs to 200 feet in the air. After the fuel is expended, the chopper descends safely to earth by auto rotation. Each kit is easily assembled and comes complete with fool-proof decals in two décor schemes - Marines and Army.

**Length:** Length: 15" (38.1 cm)

**RotorSpan: 19.5" (49.5 cm)**

**Product ID: 4500**
